(02) BIOGRAPHY —

A JOURNEY, NOT A PLAYLIST.

Known for his deep melodic and Afro grooves, Gray Li brings a vibrant energy to the dance floor that takes it on a musical journey. Iranian-born and based in Vancouver, he has played Croatia, Turkey, Bali and Vietnam, including Tabu in Bali and a Saga cruise along the Croatian coast.

At home he has opened for Claptone and Roger Sanchez and shared bills with Sander van Doorn, Chris Avantgarde and Gene Farris. In the studio he works with Alvin J on melodic house releases, and he reworks familiar hits, from Michael Jackson's Bad to 80s favourites, into his own sound. Now booking clubs, festivals, private events and brand nights.
